## Cooperating Libraries in Consortium

### VISION

(Adopted by CLIC Board of Directors, March 24, 2010)

CLIC exists to create a world-class research library experience for its academic communities.

### MISSION

CLIC enhances the strengths of its member libraries by:

- Making library users the focus of its collaborative work
- Sharing best practices, ideas and resources to improve services
- Engaging library staff in professional development, thereby fostering leadership, creativity and innovation in the pursuit of excellence

### CLIC Values

**Leadership:** developing and practicing leadership in our consortium, our libraries, our home institutions, and our professions

**Agility:** thinking and acting nimbly to address both present needs and future opportunities

**Collegiality:** working together openly, skillfully, and collaboratively in ways that recognize and support both our independence and our interdependence

**Excellence:** in providing information and services to our users

**Sharing:** ideas, collections, systems and services
