Cooperating Libraries in Consortium

VISION

(Adopted by CLIC Board of Directors, March 24, 2010)

CLIC exists to create a world-class research library experience for its academic communities.

MISSION

CLIC enhances the strengths of its member libraries by:

- Making library users the focus of its collaborative work
- Sharing best practices, ideas and resources to improve services
- Engaging library staff in professional development, thereby fostering leadership, creativity and innovation in the pursuit of excellence

CLIC Values

Leadership: developing and practicing leadership in our consortium, our libraries, our home institutions, and our professions

Agility: thinking and acting nimbly to address both present needs and future opportunities

Collegiality: working together openly, skillfully, and collaboratively in ways that recognize and support both our independence and our interdependence

Excellence: in providing information and services to our users

Sharing: ideas, collections, systems and services
